SEED FUNDING PITCH · NOIDA PILOT → NCR SCALE-UP

AutoEase

Your monthly car-care plan + one-tap emergency assistance.

A subscription-led car-care marketplace for working professionals in high-density apartment societies — dedicated cleaners on a monthly plan, plus one-tap access to verified emergency mechanics.

THE MOMENT THAT MATTERS

Tyre puncture on the way to work

Opens AutoEase, shares location

Verified mechanic accepts nearby

Customer tracks live arrival

Job done, paid digitally in-app

₹45 Lakh

12 Months

Noida pilot to prove unit economics

~50 / 72

Break-even vs. target customers per society

How AutoEase Makes Money

Recurring AMC subscriptions anchor the society; on-demand emergency & specialised services add commission revenue on top.

AMC Subscription

₹799/month per customer

Dedicated Cleaners

2 per society, employed by AutoEase

Emergency Booking

Customer requests via app

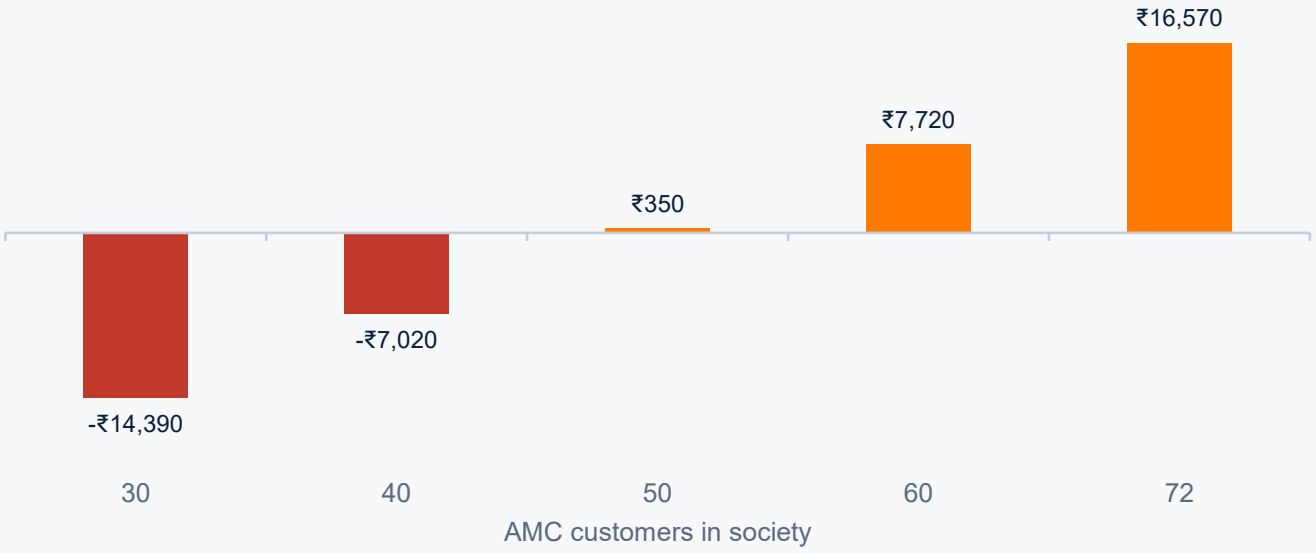

Verified Partners

AutoEase earns a commission fee

Cross-sell Later

Tyres, battery, towing, AC, fleet

Society-Level Economics (monthly, per society)

Break-even ≈ 50 customers · full target capacity = 72 (2 cleaners × 36 cars/day, 6.67 min/car — pilot assumption)

Customer Unit Economics

₹1,000
CAC (assumption)

₹737
Monthly contribution / customer

1.4 mo
CAC payback period

13.3x
LTV : CAC (LTV ₹13,267 @ 18-mo retention)

AMC price ₹799/month · target capacity 72 customers/society · assumed retention 18 months. All CAC/LTV figures are assumptions to be validated by pilot data.

Market Opportunity & Competitive Position

MARKET SIZE (TAM)

~₹12,000 Cr

India car-wash & doorstep car-service market by 2030 (US$1.44 Bn), growing at 8.5% CAGR[1]

COMPANY YEAR-5 TARGET (SOM, bottom-up)

125 societies · 8,500 AMC subscribers · ₹9.4 Cr annualised revenue

Not a market-research figure — AutoEase's own 5-year operating plan (see Financials).

Subscription car-wash demand in India is growing ~10.7% CAGR, outpacing one-off car-wash spend[2]

Competitive Landscape

	AutoEase	Park+[3]	GoMechanic[4]	Local cleaners
Dedicated cleaning workforce	Yes	No	No	Informal
Society-embedded model	Yes	No	No	Ad hoc
Emergency / SOS in one app	Yes	Partial	Partial	No
Recurring subscription revenue	Yes	Partial	No	Sometimes
Scale (India, current)	Pilot	20M+ users	1,000+ centres	Fragmented

Differentiation: own workforce + society embedding lowers CAC; unified cleaning + emergency + servicing relationship lifts LTV.

Go-To-Market

Phase 1

5–8 Noida societies, pre-sell AMC to 40–50 customers before 2-cleaner deployment

Phase 2

Expand within Noida, launch emergency services, build partner mechanic network

Phase 3

Enter Gurugram with proven playbook

Phase 4

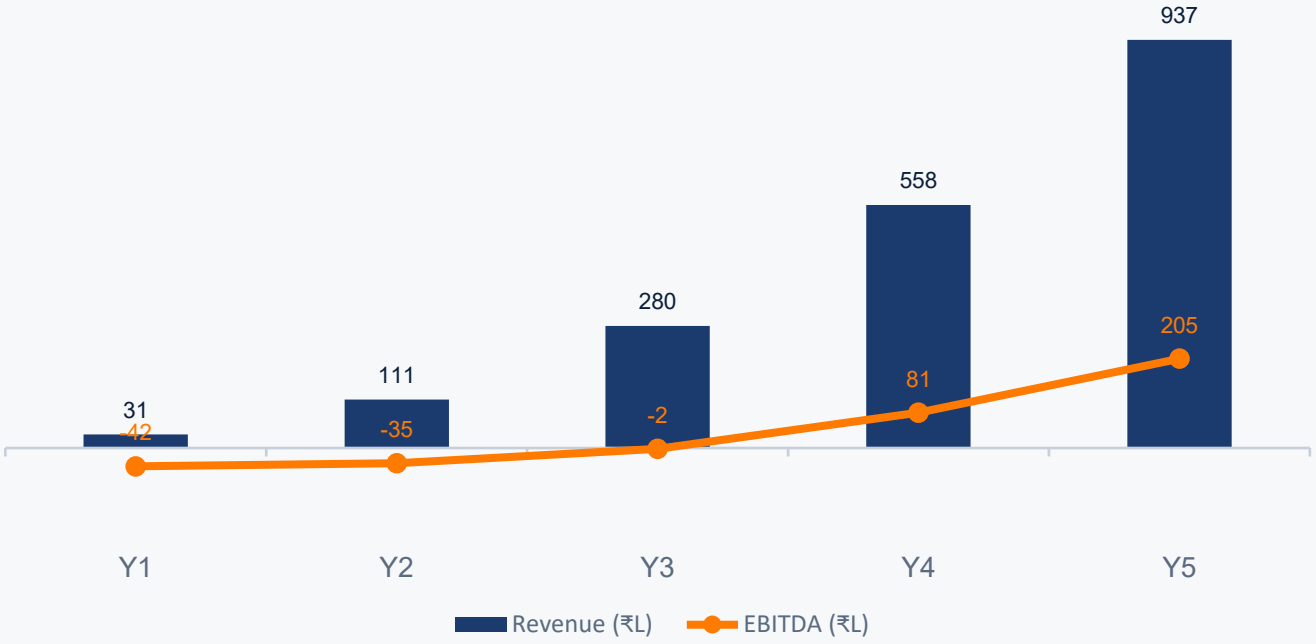

Corporate & fleet contracts across NCR

5-Year Financial Trajectory & Use of Funds

Base-case model: 7 → 125 average active societies, 45 → 68 AMC customers/society, on-demand mix rising 2% → 15% of AMC revenue.

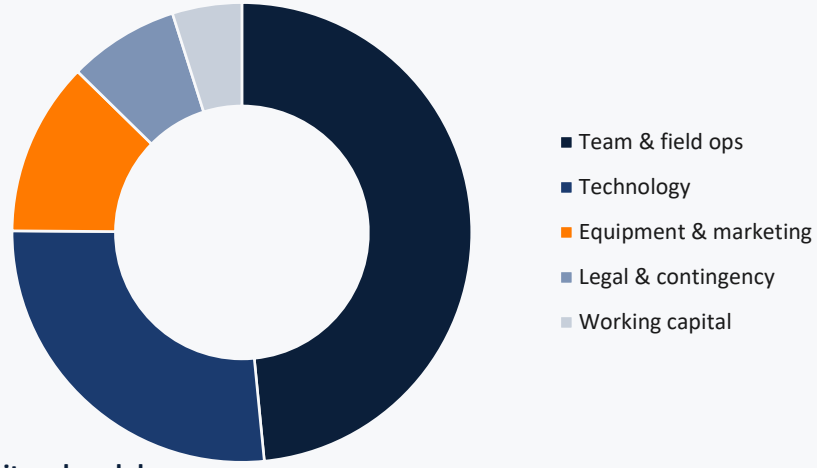

Revenue & EBITDA (₹ Lakh, base case)

EBITDA margin: Y1 −138% · Y2 −31% · Y3 −0.6% (near break-even) · Y4 +15% · Y5 +22%

Assumptions: society-level contribution per stated cost formula, plus a modelled corporate overhead ramp (tech, G&A, marketing) — indicative, not audited.

Use of Funds — ₹45 Lakh Seed Ask

Line-item breakdown

Cleaner workforce + overhead	**₹19.8 L**	Ops & customer support	**₹2.0 L**
Software engineer	**₹10.0 L**	Legal / insurance / compliance	**₹1.0 L**
App / cloud / QA	**₹2.0 L**	Contingency	**₹2.5 L**
Equipment & uniforms	**₹1.5 L**	Working-capital reserve	**₹2.2 L**
Society acquisition / marketing	**₹4.0 L**		

Purpose: fund a 12-month Noida pilot — app build, cleaning workforce, customer acquisition, and emergency-partner network — to prove society-level unit economics before Gurugram.

MOIC	1.4x	4.4x	9.6x
5-yr IRR	~7%	~34%	~57%

Key Risks & Mitigation

- Slow society penetration → pre-sell to 40–50 before full deployment
- Cleaner attrition / productivity → training & app-based monitoring
- Partner mechanic reliability → verification, ratings & SLAs
- Funded competitors → society-embedded workforce + bundled SOS moat

AutoEase Wins If We Prove

- Customers reliably pay ₹799/month
- 40–50+ customers acquired per society
- Two cleaners handle 72-car capacity
- Service quality & retention stay strong
- Emergency layer lifts customer LTV

₹45 Lakh to prove the Noida playbook — then scale across NCR.
